Q5/16 would like to thank the IMTC for their continued interest in telepresence standardization and is looking forward to further collaboration with IMTC.

For your information, during our March 2011 meeting, we initiated several new work items:

– F.TPS-Reqs "Definitions, requirements, and use cases for Telepresence Systems"

– F/H.TPS-Arch "Telepresence System Architecture"

– H.TPS-AV "Audio/Video Parameters for Telepresence Systems", which is expected to include aspects such as audio levels, audio channel configuration, video colour temperature, etc.
